Student Risk Screening Scale (SRSS)

To determine who may be at risk in the area of social behavior, please rate how often your students show each behavior using the following scale:

0 = Never 1 = Rarely 2 = Occasionally 3 = Frequently

Total scores range from 0 to 21, forming three risk categories: low (0 to 3), moderate (4 to 8), or high risk (9 or higher). Students, teachers, and/or categories with high scores may benefit from supplemental support

Student Name	Stealing	Lying, Cheating, Sneaking	Behavior Problems	Peer Rejection	Low Academic Achievement	Negative Attitude	Aggressive Behaviors
